Jadi Berlianta Tarigan, NPM 1715030017 : “Meningkatkan Hasil Belajar Siswa Dengan Menggunakan Model *Think Pair And Share* Pada Mata Pelajaran PJOK Di Kelas VI SD Swasta Ora Et Labora S.P Kaban Tahun 2021/2022”.

Jenis Penelitian yaitu penelitian tindakan kelas (PTK) dengan menggunakan metode *Think Pair And Share* . Penelitian ini bertujuan untuk pelaksanaan pembelajaran, ketuntasan belajar, serta peningkatan hasil belajar siswa melalui metode *Think Pair And Share* di VI SD Swasta Ora Et Labora S.P Kaban Tahun Pelajaran 2021/2022. Penelitian ini dilaksanakan di SMP Swasta Oraet Labora Kabanjahe. Subjek penelitian ini adalah siswa VI SD Swasta Ora Et Labora S.P Kaban yang berjumlah 20 orang siswa. Objek dalam penelitian ini adalah penggunaan metode *Think Pair And Share* di VI SD Swasta Ora Et Labora S.P Kaban Tahun Pembelajaran 2021/2022. Pengumpulan data yang digunakan adalah lembar observasi guru, aktivitas siswa dan tes renang gaya dada. Teknik analisis data yang digunakan adalah rumus pelaksanaan pembelajaran aktivitas guru dan siswa, dan hasil belajar yang terdiri dari ketuntasan belajar individu, ketuntasan klasikal, dan rata-rata hasil belajar.

Penelitian ini dilakukan dengan dua siklus. Hasil akhir dari penelitian ini di peroleh deskripsi kegiatan observasi guru dan siswa berkriteria baik karena deskripsi kegiatan guru mencapai 80.5 %, sedangkan deskripsi kegiatan observasi siswa mencapai 86 serta yang tuntas secara individu 17, secara klasiskal 85% dan rata-rata 87. Dengan demikian hasil analisis data diatas dapat disimpulkan bahwa dengan penggunaan metode *Think Pair And Share* dapat meningkatkan hasil belajar siswa pada mata pelajaran PJOK pokok bahasan renang gaya dada di VI SD Swasta Ora Et Labora S.P Kaban Tahun Pelajaran 2021/2022

Kata Kunci : Pembelajaran, Hasil belajar, Metode *Think Pair And Share*.

ABSTRACT

So Berlianta Tarigan, NPM 1715030017: “Improving Students' Learning Outcomes Using Think Pair And Share Model In PJOK Subjects In Class VI Private Primary School Ora Et Labora S.P. Kaban Year 2021/2022”. Type of Research is class action research (PTK) using the Think Pair And Share method.

This study aims at the implementation of learning, learning obedience, and improvement of students' learning outcomes through Think Pair And Share method in VI Private Primary School Ora Et Labora S.P. Kaban Academic Year 2021/2022. The study was conducted at Oraet Labora Kabanjahe Private Junior High School. The subject of this study was the VI students of Private Primary School Ora Et Labora S.P. Kaban which had a total of 20 students. The object in this study was the use of Think Pair And Share method in VI Private Primary School Ora Et Labora S.P. Kaban Learning Year 2021/2022. The data collection used is teacher observation bucket, student activity and chest style swimming test.

The data analysis technique used is the learning implementation formula of teacher and student activity, and learning outcomes consisting of individual student obedience, classical obedience, and average learning outcomes. The study was conducted with two cycles. The final result of this study was obtained a description of the observation activities of teachers and students with good criteria because the description of the teacher's activities reached 80.5 percent, while the description of the student's observation activities reached 86 and the individual complete 17, classically 85% and an average of 87. Thus, the results of the above data analysis can be concluded that using the Think Pair And Share method can improve students' learning outcomes in the main PJOK subjects of breaststroke swimming in VI Primary School Private Ora Et Labora S.P. Kaban Lesson Year 2021/2022

Keywords: Learning, Learning Outcomes, Think Pair And Share Method.
