**Eljuloria br sinulingga, npm : 1715010010** : “Meningkatkan Hasil Belajar Siswa Menggunakan Model *Numbered Head Together* Tema 3 Subtema1 Bagian-Bagian Tumbuhan dan Fungsinya Di Kelas IV SD Negeri 043951 Surbakti Tahun Pelajaran 2020/2021.

Jenis penelitian yaitu penelitian tindakan kelas (PTK) dengan menggunakan model pembelajaran *numbered head together* tema 3 subtema 1. Penelitian ini bertujuan untuk pelaksanaan pembelajaran, ketuntasan belajar, serta peningkatan hasil belajar siswa melalui model pembelajaran *numbered head together* tema 3 subtema1 bagian-bagian tumbuhan dan fungsinya di Kelas IV Di SD Negeri 043951 Surbakti Tahun Pelajaran 2020/2021.

Penelitian ini dilaksanakan di SD Negeri 043951 Surbakti. Subjek penelitian ini adalah siswa Kelas IV SD Negeri 043951 Surbakti yang berjumlah 28 orang siswa. Objek dalam penelitian ini adalah penggunaan model pembelajaran *numbered head together* tema 3 subtema 1 bagian-bagian tumbuhan dan fungsinya di kelas IV SD Negeri 043951 Surbakti Tahun Pelajaran 2020/2021.

Pengumpulan data yang digunakan adalah lembar observasi guru, aktivitas siswa dan tes pilihan berganda sebanyak 5 soal. Teknik analisis data yang digunakan adalah rumus pelaksanaan pembelajaran aktivitas guru dan siswa, dan hasil belajar yang terdiri dari ketuntasan belajar individu, ketuntasan klasikal, dan rata-rata hasil belajar siswa.

Penelitian ini dilakukan dengan dua siklus. Hasil akhir dari penelitian diperoleh deskripsi kegiatan observasi guru dan siswa berkreteria baik karena deskripsi kegiatan guru mencapai 84%, sedangkan deskripsi kegiatan observasi siswa mencapai 92, seras yang tuntas secara individual 21, secara klasikal 85% dan rata-rata 81.

Dengan demikian hasil analisis data diatas dapat disimpulkan bahwa dengan penggunaan model pembelajaran *numbered head together* dapat meningkatkan hasil belajar siswa tema 3 subtema1 bagian-bagian tumbuhan dan fungsinya di Kelas IV SD Negeri 043951 Surbakti Tahun Pelajaran 2020/2021.

## **ABSTRACT**

**Eljulia Br Sinulingga, NPM : 1715010010: "Improving Student Learning Outcomes Using the Numbered Head Together Model. Theme 3 Sub-themes 1 The Parts of Plants and Their Functions in Class IV SD Negeri 043951 Surbakti Academic Year 2020/2021.**

This type of research is classroom action research (PTK) using the numbered head together learning model with the theme of 3 sub-themes 1. This research aims at learning relaxation, learning completeness, and improving student learning outcomes through the numbered head together learning model theme 3 sub-themes 1 plant parts and its function is in Class IV at SD Negeri 043951 Surbakti for the Academic Year 2020/2021.

This research was conducted at SD Negeri 043951 Surbakti. The subjects of this study were the fourth grade students of SD Negeri 043951 Surbakti with 28 students. The object in this study is the use of the numbered head together learning model with the theme of 3 sub-themes 1 plant parts and their functions in class IV at SD Negeri 043951 Surbakti for the Academic year 2020/2021.

The data collection used was the teacher's observation table, student activity and a multiple choice test of 5 questions. The data analysis technique used is the formula for the implementation of teacher and student learning activities, and the learning outcomes which consist of individual learning completeness, causal completeness, and the average student learning outcomes.

This research was conducted in two cycles. The final results of the study obtained descriptions of teacher and student observation activities with good characteristics because the description of teacher activities reached 84%, while descriptions of student observation activities reached 92, individual completed fibers 21, classically 85% and an average of 81. Thus the results of the data analysis above can be concluded that using the numbered head together learning model can improve student learning outcomes on theme 3 sub-themes 1 plant parts and their functions in Class IV SD Negeri 043951 Surbakti for the academic year 2020/2021.
