ACKNOWLEDGMENT

Praise be to the presence of Allah SWT almighty who has bestowed His grace, health and gifts, so that we can complete the thesis entitled "The use of Clustering Techniques to Enhance Students' Writing Ability of Recount Text at SMP Alwasliyah Berastagi" on time. Writing this thesis is structured as one of the requirements for obtaining a Bachelor's degree in the English language education study program at Quality University of Berastagi.

Dear Mother and Father and my beloved family, thank you for all the prayers, love, attention, support, enthusiasm that never stops pouring out.

In writing this thesis, you get a lot of guidance and support from various parties, both in the form of input, direction, motivation, support, and suggestions that have been given. For this reason, I would like to take this opportunity to thank:

1. Prof. Dr. Erna Frida, M.Si. as Chancellor

2. Dr. Joen Parningotan purba S.Pd., M.Pd. as Dean of the Faculty of Teacher Training and Education, University Quality of Berastagi

3. Frida Dian Handini, S.Pd., M.Hum. As Chair of the English Language Education Study Program at the University Quality of Berastagi and also my first advisor

4. Alfina Gustiany S.S., M.Hum. As Advisor II who has guided a lot in giving directions, input so that this thesis can be completed.

5. All lecturers who have taught their knowledge while in college.

6. Quality Berastagi University staff and employees who have helped a lot in providing information.

7. SMP Alwasliyah Berastagi who has given permission to conduct research in order to obtain the data needed in the preparation of the thesis.

8. To friends, and study groups who never stop supporting and giving encouragement.

9. To Jaka Tirta Samudra M.Kom, thank you for being the home I have been looking for. Has contributed a lot in the writing of this thesis, giving good, energy, thought, material and moral to me and has always been patient with me. Thank you for being a part of my journey until now. Hopefully God can repay all the kindness given by all parties who have helped in completing this thesis.

This thesis is not without errors and is far from perfection, therefore constructive suggestions and criticism are highly expected for all readers to improve this thesis in the future so that errors can be corrected.

Finally, thank you profusely and I hope this thesis can be useful for all readers.

Berastagi,   20
